

A photograph of the Geranium Cottage, a wooden building with a gabled roof and a chimney, situated in a lush garden. The foreground features a paved outdoor seating area with several wooden tables and chairs, some covered by large white and beige umbrellas. The garden is filled with various plants, including pink and purple flowers, and a concrete path leads towards the building. The background is a dense forest of tall trees under a cloudy sky.

Testimonial

Geranium Cottage was the perfect place for our wedding reception. Jim and Riva made the preparation process easy and the staff were friendly and welcoming. Everything was set out perfectly and the food was delicious and plentiful. It was a wonderful evening. There were lots of great photo opportunities with lovely backdrops. The cafe provides a relaxing and homely atmosphere with beautiful gardens and rustic charm. Thank you Jim, Riva and staff for a truly memorable evening.
